## PERSONAL SUMMARY

A Full Stack Web Developer with a vast array of knowledge in many different front-end and back-end languages, responsive framework, database and best code practices. I have 1 year and 6 months experience. I am passionate in developing scalable web applications and working across the full stack. I'm looking to join forces with a suitable company to continue to grow my skill set while contributing to the positive outcome of making my company and myself famous in the world

## EDUCATION

### Diploma in Information Technology

Richfield Graduate Institute of Technology  
2015-2018 | Completed

### Higher Certificate in Information Technology

Richfield Graduate Institute of Technology  
2014 | Completed
